

AUSTRALIAN NATURAL HISTORY MEDALLION TRUST FUND

It costs about \$1000 each year to organise and present the Medallion. Although the Field Naturalists Club of Victoria provides much in-kind support the fund relies on donations from its member Societies.

This Fund was set up in 1975 to help meet the cost of providing the annual Medallion, and the administrative expenses. Increasing costs continue to put pressure on this Fund. This year new medallions will need to be made so expenses will be considerably higher for 2018.

The General Committee would be very grateful if your Society could make a donation or call for donations from your members through a note in your newsletter or by including a copy of this remittance form in your next mailout.

Please accept our donation. Amount \$
